History/Profile

With over 15 years of experience in strategic civil litigation, Mr. Guilherme Frederico also advises companies in the pre-litigation phase, in the negotiation of settlements and in the study of civil contingency risks. His practice extends to the defense of companies' interests before several consumer protection agencies and domestic arbitration proceedings.

He is an expert in oral arguments before Courts of Justice, Federal Regional Courts and Superior Courts (STF and STJ), drafting and reviewing pleadings, discussing and drafting legal theses and participating in representative entities of financial institutions, such as ABBC and FEBRABAN.
